Am I a demon?

I spill guts everyday

People think I have no feelings but I do

I wish every day that I was doing anything but thisâ€¦

_But I am doing this _

People think I'm a hero but I can't see it I only see a weapon each time I look in the mirror, can I even call my self human anymore? I know I'm killing aliens but if I have feelings surly they do too right? My superiors say I'm doing the right thing but sometimes I wonder if my enemies are rightâ€¦

_Am I a demon? _
